# The Boston Globe Poll \#25 <br> MA 2012 Special Senate Election 

## Conducted by the UNH Survey Center <br> January 2010

## Technical Report

Field Period: January 2 to January 6, 2010
Hours: 10 a.m. to 9 p.m.
Median Completion Time: 11 minutes
Sample Size: 554 randomly selected Massachusetts likely voters in the 2010 special Senate Election (RDD)
Sampling Error: +/- 4.2\%
Response Rate (AAPOR \#4): 22\%
The data have been weighted by the number of voters in a household and the number of telephone numbers at which a household can be reached in order to equalize the chances of an individual MA voter being selected. The data have also been weighted by the sex and race of the respondent and the region of the state based on the American Community Survey conducted by the US Census and past election results.

"I'd like to turn to the subject of gambling in Massachusetts. As you may know, state leaders are moving forward with plans to expand gambling in the state. Supporters argue that this will bring in hundreds of millions of dollars in revenues, while opponents argue that casinos will increase social problems from compulsive gambling. What about you ... do you favor or oppose legalizing casino gambling in Massachusetts?"
